David,

I spoke with staff at the UST Cleanup Fund yesterday regarding case RO0085. We are currently considering their comments regarding the proposed scope of work.

Jerry,

Just thought I'd keep you in the loop. As of yesterday, The USTCF has had out Pre-Approval Request package for the remediation at Oakland Truck Stop for 8 weeks. They still have not provided a response of any kind. Yesterday, I spoke with Ronald Duff at the USTCF to explain my concern. After a long conversation, he assured me that he would get someone to work on it ASAP. As soon as I get word from the USTCF, I'll let you know what they said. Regards.
