Subject: Notice of Enforcement Referral; Fuel Leak Case No. RO0000090 and GeoTracker Global ID T0600102215, Dorothy Day Trust, 4028 International Blvd., Oakland, CA 94601

Dear Mr. Hill:

This is a notice of an enforcement referral for the subject site. Site Responsible Parties are non-responsive to Alameda County Environmental Health (ACEH) requests and are recalcitrant. The site has accumulated an extensive series of Notice of Violations from ACEH. As a consequence, ACEH is referring this site to the San Francisco Bay Regional Water Quality Control Board for enforcement actions.

Site Background

One waste oil UST was removed from the site. Visual evidence of soil contamination was observed in the area of the UST by the ACEH inspector. Following UST removal, some over-excavation and sampling was performed. Some analytical results were submitted; however, no report describing the tank removal, excavation, or sampling activities were submitted. The lateral and vertical extent of contamination remains undefined.

Notices of Violation were issued on November 13, 1996, December 12, 1996, and April 2, 1997. An additional notice of violation was issued on July 24, 2009 for non-compliance with Geotracker regulations. The most recent notice of violation was issued on February 28, 2011. There has been no response.

Should you have any questions, please contact me at (510) 567-6791 or send me an electronic mail message at jerry.wickham@acgov.org.

Sincerely,

Jerry Wickham
Senior Hazardous Materials Specialist
