**Re: Second Extension for Submittal of Risk Evaluation for 106-110
Hegenberger Rd., Oakland CA 94621**

Dear Ms. David:

Our office received the April 19, 1996 request for an additional extension to conduct a risk assessment for the above site. We have also spoken with Mr. David Tight of Philip Environmental. Based on his need for additional time to prepare the risk assesment and the perceived "low groundwater risk" for this site, our office grants your extension to May 30, 1996.

You may contact me at (510) 567-6765 if you have any questions regarding this letter.

Sincerely,

Barney M. Chan
Hazardous Materials Specialist
