Subject: AB&I Quarterly Monitoring Report

Jerry,

Your letter dated March 27, 2008 requests that the Second Quarter 2008 Monitoring Report be submitted by July 25, 2008. Your letter dated July 3, 2008 indicates that quarterly monitoring reports be submitted 60 days following the end of each quarter. We would like to submit the Second Quarter 2008 Monitoring Report by August 29, 2008. In addition, we would like to combine the recent site investigation results with the second quarter 2008 monitoring results for submittal as a single report. Please let me know if you concur with the schedule and report format. Thanks

Kent
