Subject: RO92_MEETING_2013-08-06
Entry Type: Phone call

Start: Thu 8/8/2013 6:25 PM
End: Thu 8/8/2013 6:25 PM
Duration: 0 hours

Meeting with Dave Robinson and Mike Olvera of ABI Foundry. They are planning to put in a stormwater capture system which will require excavation. They want to get ACEH approval under the deed restriction and Site Management Plan. I indicated they should submit their plans with a description of the project and how the project would follow the Site Management Plan. I indicated that I could provide feedback on their plans within a few days of receiving the plans. They want to have the project complete by year end. The current project is along south part of site. Next larger phase will be along north part of site downgradient of TCA plume.
