Re: Wastewater Discharge Permit No. 50586681  
Non-Submittal of Semi-Annual Technical Report  
Naz Eagle Gas Station  
4301 San Leandro Street  
Oakland, California 94601

Dear Ms. Mena:

Clearwater Group (Clearwater) is in receipt of your letter dated November 30, 2007, referencing the above permit. As of January 25, 2008, Clearwater has not installed the groundwater extraction, treatment and discharge system at the Naz Eagle Gas Station at 4301 San Leandro Street, Oakland. Therefore, Clearwater has no data to submit in the form of a Semi-Annual Technical Report for the period June 1, 2007 through December 31, 2007.

Clearwater is currently reevaluating this site's hydrogeology and contaminant characterization, in order to select the best groundwater remedial alternative and to finalize the remediation compound design. Clearwater wishes to keep the wastewater discharge permit (50586681)

active and will notify EBMUD of any modification to the remediation compound design prior to discharge of any treated groundwater from the site. Please call me at 510-307-9943, Ext. 237 if you have any questions.

Sincerely,
