

RO99

Wickham, Jerry, Env. Health

To: Saur, Robert

Subject: RE: PG&E Oakland GC Yard, 4930 Coliseum Way, Oakland, CA Alameda County Case #RO0000099

Rob,

Based upon your request, the schedule for submittal of a Work Plan for case RO99 is extended to November 16, 2007.

Regards,

Jerry Wickham

Subject: PG&E Oakland GC Yard, 4930 Coliseum Way, Oakland, CA Alameda County Case #RO0000099

Barney and Jerry-

In response to Alameda County's June 29, 2007 letter for the subject site, PG&E has been in contact with the representatives and owners of the former AAA property located at 745 50th Avenue, the Learner property located at 768 46th Avenue, and the former Superior Plaster property located at 4800 Coliseum Way in an attempt to develop an agreement for a collaborative investigation for the source and extent of the volatile organic compounds (VOCs) detected under all four properties. PG&E believes that a joint investigation will be the most effective way in addressing your request. PG&E requests an extension to the submittal date for the groundwater investigation work plan to November 16, 2007 to allow PG&E more time to develop an agreement between PG&E and the other 3 properties for a collaborative investigation. If all four parties can not come to an agreement, PG&E will consider submitting a work plan only for the PG&E site.

Thank you for your consideration.

-Rob
