NEW Changes to enhance security at the Elihu M. Harris State Building are now in effect. All visitors to the building and their bags are screened via x-ray machines and metal detectors. This includes access to the auditorium, second floor meeting rooms, and upper floor offices. Once through the security check point, visitors may proceed to their building destination as usual. We advise you to arrive a few minutes earlier than usual for meetings or appointments because of the new screening process.

NEW At the July 11th Board meeting Board Chair John Muller presented Mary Rose Cassa, Senior Engineering Geologist, with the CalEPA Customer Service Award. Mary Rose was selected for this award for her public education and community outreach efforts at the Hookston Station groundwater cleanup site in Concord and Pleasant Hill. Click here for photo.

NEW NEW Applications are now being accepted for the Dr. Teng-Chung Wu Pollution Prevention Award. Download the application package [here](#).

NEW On June 22, 2007, Water Board Staff released for public comment a proposed Basin Plan amendment and supporting staff report incorporating a TMDL for PCBs in all segments of San Francisco Bay. View and download these documents [here](#).
