**SUBJECT:** Report of the Investigation and Remediation of Contaminated Soil Resulting from the Diesel Spill at *Keep on Trucking*, 370 8th Avenue, Oakland, CA 94606

Dear Mr. Johnson:

Enclosed, you will find a copy of the Report of the Investigation and Remediation of Contaminated Soil Resulting from the Diesel Spill at *Keep on Trucking*, 370 8th Avenue, Oakland, CA . This report was produced by Uribe and Associates, the Port of Oakland's consultant for this project.

This report includes information regarding the removal of the 1,000 gallon UST discovered during the source investigation, and excavation of diesel contaminated soils in the vicinity of the discharge from the AST. In addition, this report includes a workplan for the installation of four groundwater monitoring wells in the vicinity of the AST and the associated piping system (Appendix E).

If you have any questions regarding this report or any activities associated with this project, please contact me at (510) 272-1184.

Sincerely,

Jon Amdur  
Environmental Scientist
