Dear Mr. Hill:

This is a notice of case referral for the subject site. Alameda County Environmental Health (ACEH) is transferring oversight of the subject case to the San Francisco Bay Regional Water Quality Control Board.

A Phase I conducted identified the property as a former gasoline station from approximately 1962 until around 1978 when a permit for demolition was issued. No records were obtained on the removal of the USTs or their final disposition. Monitoring wells contained maximum concentrations of 68,000 µg/L TPHg, 7,400 µg/L benzene and 48,000 µg/L MTBE. ACEH has requested additional work but no work has been performed.

Please be aware that not all historic documents for the subject fuel leak case may be available on GeoTracker. The complete historic case file for this site is located on the Alameda County Environmental Health website at: <http://ehgis.acgov.org/dehpublic/dehpublic.jsp>.

Should you have any questions, please contact me at (510) 639-1287 or send me an electronic mail message at barbara.jakub@acgov.org.

Sincerely,

Barbara J. Jakub, P.G.
