Hi Woody,
That would be fine; I'll update Geotracker shortly.

On the bore log issue, as I found out once I joined here, all bore logs are required to be uploaded, regardless of age. I'd always been a bit confused on that issue (basically it helps with the site understanding).
Best,

Mark Detterman

Subject: Extension

Mark:

On behalf of our client, we are asking for a 1 week extension (3 February 2012) for:

1. Submittal of Addendum, and
2. Submittal of WP/PPS.

There are no electronic versions of the boring logs/well completion details, as they were installed in 1999 by us, or before by others.

We will upload the new base map to Geotracker.

Thanks
Woody Lovejoy
