Phone call with Woody Lovejoy of Protech 415-381-2560 or cell 650-714-4200. His client Bill Barry of Kelly Moore has received a July 3 letter regarding uploads to Geotracker for 969 San Pablo Albany. No data have been collected since 2000. Their last request was a change to annual from quarterly monitoring but got no reply from County. I indicated that I would review the case within next 3 to 4 months and provide some direction regarding next step to resolve case. He will pass message along to his client. He should defer action on Geotracker until receiving my directive letter.
