Attachments: RO124_DWR_Signed_Well_Form.pdf

Emily,

Here's the signed DWR form. I reduced the radius to ¼ mile to reflect the request in our letter. If you have a specific reason for the larger radius, let me know and I can modify it, but this should greatly reduce the wealth of data you'll need to sift through. You should also request a well survey through the Alameda County Public Works Agency as the two databases are sufficiently different and are likely to pick up a few other wells (also requested in our letter). That form is nearly identical in style, and is available on their website.

Regards,

Mark Detterman

Subject: CVX 99708 Well

Hi Mark

Attached is a well report request and topographic map for Chevron site 99708 located at 5910 MacArthur Blvd in Oakland. Please review the request and let me know if you need anything else in order to approve the form. ARCADIS would like to conduct this well survey to identify sensitive receptors and potential preferential pathways in the vicinity of our site.

Thank you

Emily Short

**WELL COMPLETION REPORT RELEASE REQUEST AND CONFIDENTIALITY AGREEMENT
REGULATORY-RELATED ENVIRONMENTAL CLEANUP STUDY**

Well Completion Reports associated with wells located within two miles of an area affected or potentially affected by a known unauthorized release of a contaminant will be made available upon request to any person performing an environmental cleanup study associated with the unauthorized release, if the study is conducted pursuant to a regulatory agency order (Water Code Section 13752).

Requests must be made on the form below, signed and submitted to the appropriate DWR District Office. Please provide the township, range, and section of the property where the study is to be conducted. Attach a map or a sketch with a north arrow, and provide as much identifying information requested below as possible; additional paper may be attached if necessary.

By signing below, the requester acknowledges and agrees that, in compliance with Section 13752, the information obtained from these reports will be kept confidential and will not be disseminated, published, or made available for inspection by the public. Copies obtained must be stamped **CONFIDENTIAL** and kept in a restricted file accessible only to authorized personnel. These reports must not be used for any purpose other than for the purpose of conducting the environmental cleanup study.
