**Subject:** RE: Recent Chevron 9-9708 (RO124) DIR Letter Groundwater Monitoring Schedule

Hi BJ,

The request for a one week extension is fine. Please use this email as documentation of ACEH acceptance of the revised date. I'll update Geotracker shortly.

Best,

Hi Again Mark,

May we have one week's extension on the submittal of the addendum? I didn't realize that a perjury letter was required for this submittal and Chevron needs two weeks to review and sign a perjury statement.

I apologize for the request, thank you,  
B.J.

Hi BJ,  
Unfortunately each submittal needs a perjury statement...

**Subject:** RE: Recent Chevron 9-9708 (RO124) DIR Letter Groundwater Monitoring Schedule

Hi Mark,  
Thank you very much for the clarification. Will you please confirm that the perjury letter submitted with the initial work plan is sufficient and a second perjury letter is not required for the addendum submittal?

Best regards,  
B.J.

**Subject:** Recent Chevron 9-9708 (RO124) DIR Letter Groundwater Monitoring Schedule

Hi all,  
I thought I'd give you a quick email to clarify the recent directive letter and the groundwater monitoring schedule in the technical report request section. For some reason the gw monitoring timeline ended up as quarterly (likely a hang-on from another letter). The site is on a semi-annual schedule, and the letter was not an attempt to change that. I've modified the submittal date on Geotracker to reflect a semi-annual interval. Please use this email as confirmation of that revised date. Sorry for any confusion.  
Best,
