Subject: Chevron 99708: Site Investigation Report
Importance: High

Hi Mark,

We are preparing for the site investigation and have a schedule set for the field work to begin on March 10. It has taken us a while to obtain funding for the work and to prepare for the field work (obtain permits, etc.) all of which has set the schedule back. My concern is that we will not have the report ready to submit to the ACEH by March 31.

Therefore, I am writing to request an extension on the due date for the submittal of the investigation report from March 31 to May 2. This will give us enough time to obtain and analyze soil and groundwater data, write the report and to have it reviewed internally by us and Chevron.

Please let me know if you have any questions. I appreciate your time in this matter.

Thank you,
Toni
