Subject: RO138 (Chevron 90517) 3900 Piedmont Avenue, Oakland, CA - Tenant Denied Access

Hi Mark,

I'm following up on a voicemail that Carryl left you to let you know about the status of this site assessment. We were beginning work at the site on 2/2, and the tenant demanded that we leave, even though we have a valid access agreement and provided sufficient notification to both the owner and tenant. We complied with their request and left the site that day. Chevron has been working with the property owner's legal rep and the tenant since then; however, the access issue is not yet resolved, and we do not have an estimate on when we will be able to resume this work.

Carryl will provide you with another update next week.

Thanks,

Travis L. Flora
