**Reference: Request for Extension**

Former Chevron-branded Service Station 90517, 3900 Piedmont Avenue, Oakland, CA  
(Case #: RO0000138)

Dear Mr. Detterman,

On behalf of Chevron Environmental Management Company (Chevron), Stantec Consulting Services Inc. (Stantec) respectfully requests an extension to complete the additional assessment associated with former Chevron-branded service station 90517, which was located at 3900 Piedmont Avenue, Oakland, Alameda County, California (the Site). In a letter dated November 10, 2016, Alameda County Environmental Health (ACEH) requested additional assessment with a report due by January 27, 2017. In a letter dated January 12, 2017, Stantec requested an additional extension due to ongoing property access issues. The ACEH approved an extension in an email dated January 23, 2017.

Chevron has recently come to an understanding with the on-site property owner regarding the execution of future assessment activities, and the property owner provided Chevron with the new tenant information. Chevron and Stantec were able to coordinate the proposed field schedule with the tenant prior to resuming assessment activities. The field schedule has been set for the following dates: **March 27, 2017**, to conduct utility locating for the Site, **April 11 and 12, 2017**, to conduct site assessment activities and sub-slab vapor probe installations, and **April 17, 2017**, to conduct vapor sampling activities. Stantec respectfully requests that an extension be granted for the investigation report to be submitted to ACEH by June 16, 2017.

Stantec will provide additional updates to ACEH should we encounter further delays.

Regards,

**Stantec Consulting Services Inc.**
