Mr. Waite,
ACEH has undertaken review of the "Addendum to Case Closure Request" report dated December 12, 2012. Based on my calculations a response will be due next week on February 11th; however, the response will require limited additional time. While I have attempted to complete the review by this week, and respond accordingly, I have a 11 day vacation that is scheduled to begin shortly, and this has complicated the timing of the response. Consequently, I wanted to provide advance notice that I will require an additional three to four weeks to respond due to the vacation and other currently scheduled conflicts. The site will remain a high priority upon my return. Thank you.
Should you have questions, please let me know.
