Good morning Mark,

I was just checking in to see if you have been able to review our addendum to case closure request for the above referenced site. If you could get back to me at your earliest convenience, I would greatly appreciate it.

Thank you,

Mr. Waite,

ACEH has undertaken review of the "Addendum to Case Closure Request" report dated December 12, 2012. Based on my calculations a response will be due next week on February 11<sup>th</sup>; however, the response will require limited additional time. While I have attempted to complete the review by this week, and respond accordingly, I have a 11 day vacation that is scheduled to begin shortly, and this has complicated the timing of the response. Consequently, I wanted to provide advance notice that I will require an additional three to four weeks to respond due to the vacation and other currently scheduled conflicts. The site will remain a high priority upon my return. Thank you.

Should you have questions, please let me know.
