7/15, 1226p, msg frm MLT, Nancy Nadal 238-7303, Rob Bond 312-853-0070

215p, R.Bond, discussed site in detail w/RP, we did not know site was to be developed if informed early on we can work w/development plans & a reasonable schedule can be arranged for our review.

Re: reviewing WP & reports regs give us 60d, w/caveat that add'l time maybe needed to review prior to implementation.

405p, Nancy Nadal, discussed site, we we not informend of the impending development, reports recentl received & within our review timeline, am going to have conference call with RP next wed to set a review schedule for his redevelopment/groundbreaking that we can all meet. She is concerned re: site as saving historic bldg, homeless breaking in, etc. told her we can work w/rp & have proposed approval of interim cleanup if find CAP not sufficient, so soil excavation can occur prior to groundbreaking.
