Hi Mark,

A quick update on 1700 Jefferson in Oakland, California. We're having trouble getting in touch with the building owner for the apartment building. We had to hire a skip tracer to locate all of his phone numbers, email addresses, and home addresses. He has about 10 different phone numbers that are all disconnected. Our next step will be to try sending an email to his email addresses and/or sending certified mail to all of his home and business addresses on file.

Thank you!
