Mr. Lawson,

Thank you for including Alameda County Environmental Health (ACDEH) in your communication.

While ACDEH has not been provided the results of recent work at 581 18th Street, I suspect ACDEH is likely to be in general agreement with the Terraphase recommendations once the data has been provided and reviewed. As you are undoubtedly aware a report is due to ACDEH by July 14th, 2017. Attempting to obtain access for sampling purposes to 581 18th Street has been a long process. I am encouraged now.

Please also be aware that I have not received several recent co-ordination communications between Terraphase and Applied Water Resources due to an inadvertent miss-spelling of my last name. Dilan Roe at ACDEH did receive them, and she passed them along literally a few minutes before your I saw your email. Should you have questions, please let me know.

Mr. Grimes

Attached please find a letter related to the contamination at 1700 Jefferson St Oakland and the need to quickly evaluate the risk of vapor intrusion into the occupied residential units at 581 18th St. Oakland. I look forward to hearing from you at your earliest convenience.

Thx
