Ahh, the City....

In that case, please know that I have extended the delivery date to May 31, 2016 for the investigation report. If needed, you can use this email to document ACDEH concurrence with the requested extension date. I am sure you will, but please keep me posted; the city can be a real permitting challenge.

Hi Mark

We're running into difficulty with the City of Oakland and acquiring permits from them....it's always a lengthy process dealing with the city. Also the PG was on vacation for a few weeks, which caused some delay on our end. Our plan is to get out to sample at the Site in mid-April to early May depending on our driller's schedule.

Thanks

Hi Yola,

Is there a difficulty at the site? This site has undergone such long delays for various reasons and there is a potential vapor risk to the adjacent building that I'd really like to get it done.

**Subject:** Extension Request for RO151 1700 Jefferson

Hi Mark,

We are requesting a 30-day extension for the Site Investigation Report for 1700 Jefferson in Oakland. The original due date is April 29 and we are asking it to be extended to May 31, 2016.

Thank you!

Yola Bayram
