Earle,

Thank you for responding so quickly and I am sorry that I missed that you had already claimed your site in Geotracker in 2009.

I have a link to the list for consultants from San Mateo County since Alameda County does not compile a list. Try a few of the environmental consultants you will get varying prices.

The link to our files is below by signature. These are more complete than Geotracker.

Barbara - Thank you for your time explaining the "process" in closing our file and noting that, in fact, I have already claimed the Geotracker site and am in compliance. My direct phone number is 510-220-6407. Please feel free to pass my contact information on to the owners of 6159 Acacia. My brother, Lee, will be assisting with the closure process; please expect to receive contact from him, from time to time for clarification of any ACEH requirement.

I will contact Geotracker for my login/password information and search for environmental consultants who will submit a work plan to your satisfaction by the September 22 deadline. My family and I truly appreciate your calm demeanor and obvious desire to close this case as smoothly as possible.

Regards - Earle Shenk
