Subject: RE: 6159 Acacia UST - site access update

It's typical in similar situations to await access from the owner. What is atypical is that they are also the responsible party. For now, I'll give you an extension until you get contact back from the owners.

Regards,
Barb Jakub

Subject: 6159 Acacia UST - site access update

Barbara - You sent a letter, dated September 9, to Karen Plessinger and Nicholas Moore, owners of 6159 Acacia requesting they contact me to set up the initial onsite investigation with our environmental consultant. Alas, I have not received any response from them. Please advise me of my next steps. As you are aware, I have also sent them two letters in the past few months without any response, thus I cannot schedule any on-site investigation for the project. I believe we are currently at an impasse.
