Barbara,

Earle Shenk and his family would like to have more time to review ERRG's proposal to collect soil and groundwater samples for UST site closure for 6159 Acacia, Oakland CA. Is it possible to get an extension for the submittal of the Work Plan to Alameda Environmental Health?

If possible, can we extend until to Friday, January 6, 2012? We are closed down for the holidays from December 24th through January 2.

Best,

Tiffany Angus
