Mike,  
Here is the instructions for duplicates submittals GeoTracker:

[https://www.waterboards.ca.gov/ust/electronic\\_submittal/docs/faq.pdf](https://www.waterboards.ca.gov/ust/electronic_submittal/docs/faq.pdf)

### 4.4 How to report DUPLICATE samples?

The FIELD\_PT\_NAME field in the EDF for the non-duplicate sample and its duplicate should be the same. The consultant may need to edit the duplicate's FIELD\_PT\_NAME in the EDF to make it the same as the non-duplicate's name. The duplicate's SAMPID field in the EDF should include the actual FIELD\_PT\_NAME plus the letters "DUP" (e.g. "MW-1DUP") to identify it as a duplicate.

Please include the ACDEH case file number in the subject line in future correspondences.

Regards,  
Keith

**Subject:** RE: EDF Submittal #4277490973 : T0600100466 Has Been Denied

Hi Keith, the email below must have been routed to my spam folder – it is regarding an EDF that I submitted for the Dreyer's Grand Ice Cream site in Oakland. I am curious to know more about why the EDF was rejected – it says "field point name does not match the sample ID". The only thing I can see is our blind field duplicate for MW-2 (which we gave the fake name MW-10). Since that is a blind field duplicate, it is supposed to have a different ID than the primary sample... please advise how you would like me to proceed.

Thanks,  
Mike
