

PHONE LOG (5000 MacArthur Blvd.)

11/19/93 David Johnson, Mills College, (510) 430-2146
& Juliet Suen

I called Mr. Johnson to check on status of our request for the submittal of a site plan showing the proposed well location, to accompany the recently submitted work plan. Mr. Johnson stated that this figure should be submitted w/in the next week.

Mr. Johnson requested that he be contacted first if there are any more questions or comments, since Thomas Biddle will no longer be involved with this case.

3/8/94 Tasia, Harza Kaldiner, & Juliet S.

Tasia stated that they recently submitted permit application for right-of-way for the proposed well. She said that the city should respond w/in 2 weeks, & that well installation should begin immediately after receiving permit. The well near Mills Hall was destroyed due to renovation, & will be replaced. A work plan for new well will be submitted.

3/28/94 Matt Mathercutt, PMA, & Juliet S.
(510) 430-2114

Mr. Mathercutt is the project mgr. for Mills Hall renovation. He stated that they destroyed Well MW-1 ^{to make room for fountain} as part of the renovation. They wish to replace well. I told him they need to submit summary work plan showing location of new well.

PHONE LOG (5000 MacArthur Blvd.)

4/13/94 Dennis Laduzinsky, 568-4001, called to say that they have received encroachment permit from city & will be installing well ~~again~~ by end of month. A workplan for the replacement of well at Lagoon Meadow well be sent out tomorrow.

12/13/94 Left message for Mr. Laduzinsky questioning the odds of having installed Well MW-4 too quickly to have detected shallower water. Well MW-4 could be screening below the water table & therefore not be picking up concentrations potentially existing at surface.

10/15/99 Left message for Pat, Campus Facilities, 568-4001 requesting that she call me w/ name & phone # of contact for investigations at the Corporation Yard.

10/15/99 Spoke to Mark Hitzau, MARZA, 636-2140. He confirmed that last work done for Mill College was the Nov 5 '98 report. Discussed required work w/ him.

Phone Conversation

12/23/92

I spoke to Tom Biddle, Mills College, about
arranging for a site meeting and reconnaissance.
The tentative date is for Jan 5, 1992 at 9:00 A.M.

Enter through the Front gate off of MacArthur and
there will be a kiosk. Ask the man in the
kiosk for directions to Mr. Tom Biddle's office.
