Hello Mark,

Attached is a well search request form from the Alameda County Public Works Agency for the sensitive receptor survey at former Exxon RS 70691 (10100 East 14th Street, Oakland, California).

Please fill out the section designated for government or regulatory agency and fax or email back to me.

Please contact me or Hamidou Barry (ext. 34) if you have any questions.

Thank you for your help.

Hi Yuko,

I've attached a signed DWR form as requested. You should also request one from Alameda County Public Works Agency (very similar form I'll also need to sign) as the two well database are slightly different and interesting "stuff" can pop up in one or the other. I understand that this well survey will be included in the work plan that was requested at this end. That would be great.

Let me know if you have questions,

Subject: Well Completion Report Release Request (Former Exxon 70691)

Hello Mark,

We are conducting a sensitive receptor survey for Former Exxon RS 70691, located at 10100 East 14th Street, Oakland, California. Attached is a DWR Well Completion Report Release Agreement form for the site.

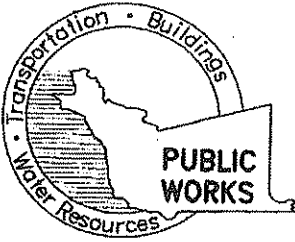

The request for DWR file review is made in order to pinpoint locations of nearby water production wells. The information is necessary for the thorough completion of the sensitive receptor survey.

Please fill out the section designated for government or regulatory agency and fax or email back to me.

Please contact me or Hamidou Barry (ext. 34) if you have any questions.

Thank you for your help.
