Dear Mr. Amin Gholami,

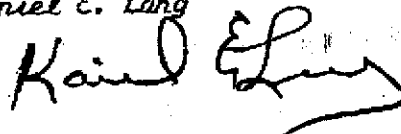

As to our phone conversation please find copy of Agwell test reports ~~the~~ certified to Amy Leech, also find copy of monitoring well water flow direction from property adjoining ours that was agreed upon as true water flow direction by Amy Leech and her supervisor.

The file should also contain a letter written by me explaining the delay for the last 2 years ~~due~~ to health problems of the property owners. One has had a stroke and the other has had heart surgery. Their health the last few years has been of a greater concern to the family than that of the monitoring wells. Their ages are now 84 and 80.

I am going to attempt to proceed with the monitoring well problem. Hopefully, by mid to late April or the 1st of May, depending upon the weather and the availability of the drilling crew.

Thank You,

Karniel E. Long
