Subject: RE: RO0000167, Bohannon, 575 Paseo Grande, San Lorenzo - Geotracker Compliance

Manson,

Sorry I've not been able to return your phone call from yesterday, it's been more than a bit busy with the implementation of, and training on, the LTCP as well as several other critical issues. It's an interesting time. Regardless, please use this email to document ACEH concurrence with the requested timeline extension. While it comes in fits and starts, within reason, forward movement is more important for me. Also, thanks for the status update on the project.

Regards,

Subject: RO0000167, Bohannon, 575 Paseo Grande, San Lorenzo - Geotracker Compliance

Mr. Detterman,

Regarding Technical Comment #1 (Request for Geotracker Compliance) in your August 31, 2012 letter to David D. Bohannon Organization (Bohannon), Stantec on behalf of Bohannon has uploaded most of the requested information to Geotracker as of September 28, 2012, with the exception of a few electronic data deliverables (EDDs) of analytical lab reports. It is anticipated that the remaining EDD uploads to Geotracker and information upload to the ACEH ftp site will be completed by Wednesday, October 10, 2012 at the latest, thereby fulfilling the requirements of Technical Comment #1. Stantec on behalf of Bohannon anticipates to provide ACEH the SCM/Data Gap Workplan and 3rd Quarter 2012 monitoring report by the dates specified in the letter. Regards,

Mason
