Importance: High

Dear Mr. Hill and Mr. Detterman,

On July 26, 2012, Mr. Cliff Welch (the RP for the subject property), obtained Stratus Environmental, Inc. (Stratus) to assist him with the environmental issues associated with his property located at 15795 E. 14th Street in San Leandro, California. Stratus intends to prepare the work plan that has been requested by the Alameda County Environmental Health Department (ACEHD) and submit the plan before 17 August 2013.

In order to prepare the work plan, I would like to have a brief telephone conversation about the site and the expectations for the work plan with the proper regulator; which of you is now the caseworker on this site? I look forward to working with both of you on this project.

Have a great weekend.

Sincerely,

Kasey L. Jones
