Subject: Notice of Enforcement Referral; Clyde's Corner, Fuel Leak Case No. RO0000168 and Geotracker, Global ID # T06019778014, 15796 E. 14<sup>th</sup> Street, San Leandro, CA 94578

Dear Mr. Hill:

This is a notice of an enforcement referral for the subject site. Site Responsible Parties have not completed work as requested by Alameda County Environmental Health (ACEH) and are recalcitrant in implementing site investigation and cleanup. As a consequence, ACEH is referring this site to the San Francisco Bay Regional Water Quality Control Board for enforcement actions.

In April 1999 the subject site received a Notice of Violation (NOV) for the presence of three illegally abandoned USTs. After removal of the tanks a directive letter was sent and due to lack of compliance a status inquiry letter was issued in April 2002. A Notice to Comply was issued in March 2012 after a work plan extension was requested, but remained un-submitted in response to a June 2011 directive letter. Available information indicates that free phase is present beneath the site.

Please be aware that not all historic documents for the subject fuel leak case may be available on GeoTracker. The complete historic case file for this site is located on the Alameda County Environmental Health website at: <http://ehgis.acgov.org/dehpublic/dehpublic.jsp>.

Should you have any questions, please contact me at (510) 567-6876 or send me an electronic mail message at [mark.detterman@acgov.org](mailto:mark.detterman@acgov.org).

Sincerely,

Mark E. Detterman
