DISCUSSION:

No environmental activities took place at Station #5387 during the Third Quarter, 2008. The attached Drawing 1 depicts the site and monitor well locations. The most recent quarterly ground-water monitoring data is provided in the First Quarter, 2008 Semi-Annual Ground-Water Monitoring Report.

No further action related to the underground storage tank fuel release was provided by the ACEH in their letter dated August 22, 2008. The letter stated that once the ACEH receives the formal well abandonment report a remedial action completion certificate will be issued. Stratus is scheduled to complete well abandonment work activities in November 2008. Once field work is complete, a formal well abandonment report will be sent to ACEH.
