MESSAGE:

In response to your letter dated October 11, 1995, Mike Whelan inquired with Barney Chan of the County Department of Health. He reported that the County had not approved excavation of hydrocarbon contaminated soils. The County and your client, Foothill Square, have both previously approved the remediation system that is already in place. ARCO strongly objects to any any excavation that would interrupt or impede operation of the VES, with or without enhancements. ARCO has no liability or responsibility for any excavation work as suggested in your letter.

cc. M. Whelan
B. Chan
