Received a call from Mr. Ravi Sekhon, RP for the fuel leak case RO175- Foothill Mini Mart, 6600 Foothill Blvd, Oakland. He had received my letter responding to the comments of the CUF, which has sent out a public notification stating the CUF was considering the case for closure. ACEH objects to the closure. Mr. Sekhon said he was in agreement with our letter and asked if he should write one stating he was also objecting to the closure. I said this was what the public comment period was for and said he should write a letter.

Mr. Sekhon mentioned a neighbor has had an outstanding lawsuit (for 10 years) against him and asked me what the closure will do to his case. I said if the CUF closes his case he will be out of the fund. Period. For other implications I suggested he speak with his attorney. I said if he was planning on writing a letter he should do it soon before the public notification period ends. I also suggested he have the letter reviewed by his attorney.
