Hi Mark,
There's supposed to be a RAP due today for RO185, but as you and I discussed, what we propose will be dependent upon the property owner's plans. Carryl attempted to contact them multiple times via emails and phone calls, but we haven't heard back from them. And I understand that you haven't heard any updates from them either. Can we please have an extension to submit the RAP by October 31, 2017?

Thanks,
