Dear Mr. Carmel:

The public comment period for the subject site ended on October 27, 2014. One comment was received by Alameda County Environmental Health (ACEH) and addressed on September 16, 2014. The comment and the ACEH response can be viewed on the ACEH and GeoTracker websites.

You are free to proceed with the destruction of all wells associated with the site (groundwater, vapor, etc.), as requested in the attached October 1, 2014 letter from ACEH. As requested in the letter, please contact the Alameda County Public Works Agency to obtain well destruction permits. Following the well destruction, please provide ACEH a well destruction report according to the schedule outlined below. The well destruction report should document site activities, provide well destruction permit documentation, and documentation indicating that any remaining waste derived from investigation, remediation, and well destruction activities have been removed from the site.
