Phone Log (1435 Webster St.)

8/18/94

Ed Ferrar, (415) 854-3206

I contacted Mr. Ferrar re status of investigations. He stated that the monitoring investigations had been delayed due to some miscommunications as to who was responsible for removing pump water drums, him or his consultant Crails. He stated that he would have Bruce Tsu Tsui conduct monitoring out at site. We discussed the requirement for a Registered Geologist or Engineer to sign off on reports & oversee work. I advised him to apply for Fund & gave him info.

8/31/94

Bruce Tsu Tsui (510) 222-1541

Mr. Tsu Tsui called to say that the three wells would be sampled this week or next week.

9/13/94

Bruce Tsu Tsui (510) 222-1541 Wells will be monitored on Sept. 14 '94 at the site.

Bruce Tsutsui, BT Assoc. (510) 222-1541

+ Juliet Shui

RE: 1435 Webster St, Alameda

I explained to Mr. Tsutsui that his office has still not received any g.w. sampling results. I explained to him the steps that might be required if the R.P. continues to keep his data from his office. Mr. Tsutsui stated that a report was prepared and sent to Mr. Farar, R.P. He stated that he would contact Mr. Farar and have him submit his report to his office within 2 weeks.

John Rapp, (209) 551-3591
+ Gilbert Sierra

RE: 1435 Webster St., Alameda

Mr. Rapp stated that Utah Inc., his former business, went bankrupt and he does not have access to the initial quarterly sampling results. He will be conducting another round of sampling of wells tomorrow.

Phone Conversation 4/9/93

Valentine, Utah (510) 462-9763
+ Juliet Stein

RE: 1435 Webster St., Alameda

Valentine stated that groundwater samples were collected from the site and that the results should be available within the next week. Also a report documenting this sampling event should be in within the next 3 weeks.

Please Conversation 3/22/93

John Rapp, Consultant (209) 551-3591
and Juliet Shim.

RE: 1435 Webster St., Alameda

I called Mr. Rapp to find out when he would be submitting the report documenting the well installation & sampling that was conducted last at the site. This report is long overdue. He stated that he would have the report in by the end of this week & explained why there was a delay.

I called Mr. Rapp to confirm 3/30/93 that groundwater sampling will be occurring sometime this week. He said it would, and that he would notify me 24 hrs. in advance.

From: Juliet Stein

To: Steve Colvin, City of Alameda

RE: 1435 Webster St., Alameda

Mr. Colvin stated that the parking lot has been completed at the site, and that one month ago he contacted

the property owner, Ed Ferrar, to let him know that the lot was completed so that he could begin plans for the installation of four monitoring wells.

Mr. Colvin stated that Ed Marshall, attorney, is the contact for Ed Ferrar.
