Dear Ms. Jakub:

ARCADIS, on behalf of Chevron Environmental Management Company, for itself and Attorney-in-Fact for Union Oil Company of California (hereinafter "EMC"), is submitting this letter to notify the Alameda County Department of Environmental Health (ACDEH) of the intent to proceed with the work proposed within ARCADIS' *Soil Vapor Investigation Work Plan* dated January 20, 2012. The proposed work includes the installation of two onsite and two offsite permanent multilevel soil vapor probes. The Work Plan was submitted to propose activities in an effort to support risk-based management decisions. Given the time elapsed since submitting the Work Plan to ACDEH, this letter is notifying you in writing of ARCADIS' intent to proceed with the Work Plan under the authority of the "60-Day Rule" as specified in Title 23 of the California Code of Regulations. ACDEH will be notified at least five business days prior to the start of field activities.
