Hello Morgan,

I just received your phone call – thank you for the understandable delays due to staffing/project load and the Chevron safety stand-down (no drill December).

Let's move the well destruction out 90 days to **March 16, 2015**. This timeline should enable CRA to destroy the wells, deliver the report, and meet your safety goals. ACEH will then proceed with the closure letter after receipt of the well decommissioning and waste removal report.

Respectfully,  
Matthew

**Subject:** FW: ACEH Correspondence for RO206

Hello Matthew,

On behalf of Chevron Environmental Management Company, CRA requests an extension to ACEH's proposed Well Decommissioning Report due date of January 15, 2015. CRA intends to perform well destruction of all site wells during the first quarter of 2015 and intends to submit a Well Decommissioning Report no later than April 30, 2015.

Thank you for your consideration of this request.
