Tina,

The results of an annual inspection can be submitted in a brief letter. Letters can be submitted directly to me by email or can be submitted to the ftp site using the standard ACEH protocol for report submittals, which is attached. Any technical reports that must be signed and stamped by a professional are to be submitted to the ACEH ftp site.

Jerry, to confirm: we will be sending the SMP annual reports to your attention? If so, are email submittals ok?

Thanks,

Tina

Tina,

It appears you may not be receiving our emails. This case was closed last month. Last week, I sent another email with the case closure attached but it appears you did not receive it. Case R0207 is closed in our case files and GeoTracker. Copies of the case closure can be downloaded over the Internet from the ACEH website

Hi Jerry,

I hope you're doing well. I just wanted to check in on the subsurface case closure for Sunol. We had submitted the well destruction report about a month ago. Is there further information you need from us? When can we expect to take the next step?

Thanks,

Tina
