Brian,

Sorry about the confusion. I've attached two examples of CAP Fact Sheets for your perusal. The standard procedure is to submit a Word doc so that we can edit it and then depending on who issues it (us or you) place it on that letterhead.

Basically it's a lay person's quick guide to the work.

In regards to the notification radius, right now we're just looking for people you are aware that are interested in the site. I'll add those to the radius search that I can conduct and which will generate a label printout in a PDF format. I'll probably use a 200 ft radius, but might tweak it somehow.

Let me know if you have further questions.

Subject: Additional Question re: Fact Sheet Template - Palace Garage, 14336 Washington Avenue, San Leandro

Mark,

One more question – for the Fact Sheet Distribution List, what are the County requirements for distribution? At other sites, I have seen requirements that property owners within a 200 foot radius of the site in an urban setting receive notification. Please advise.

Thanks,
Brian

Hi Mark,

I'm working with Matt Farris on the Palace Garage site in San Leandro, and he suggested I contact you about obtaining an example of a Draft Fact Sheet that was requested in your letter dated January 24, 2013. The letter stated that an example was included as an attachment, but nothing was provided. I called earlier this morning and left you a message about this. If you can email me an example, I would appreciate it.

Thanks,
Brian
