**Responsible Party Identification Background**

Alameda County Environmental Health (ACEH) names a "Responsible Party," as defined under 23 C.C.R. Sec. 2720. Section 2720 defines a responsible party 4 ways. An RP can be:

1. "Any person who owns or operates an underground storage tank used for the storage of any hazardous substance."
2. "In the case of any underground storage tank no longer in use, any person who owned or operated the underground storage tank immediately before the discontinuation of its use."
3. "Any owner of property where an unauthorized release of a hazardous substance from an underground storage tank has occurred."
4. "Any person who had or has control over an underground storage tank at the time of or following an unauthorized release of a hazardous substance."

ACEH has named the responsible parties for this site as detailed below.

### **Responsible Party Identification**

#### Existence of Unauthorized Release

On October 31, 1990, an Underground Storage Tank Unauthorized Release/Contamination Site Report was submitted for the Jack Holland Sr. Oil Corporation facility at 16301 East 14th Street in San Leandro, CA. Petroleum hydrocarbons were first detected at the site during a subsurface investigation performed in 1990. Soil samples collected from five soil borings near the former diesel USTs contained up to 25,000 parts per million (ppm) of Total Petroleum Hydrocarbons (TPH) as diesel. Eight USTs were removed from five separate tank pits on September 9, 1998. Slight to moderate petroleum odor and green discoloration was observed in soils in each tank pit. A sheen on groundwater was also observed on groundwater in each tank pit. Soil samples collected from the tank pits contained up to 6,900 ppm of TPH as gasoline, 3,200 ppm of TPH as diesel, and 9,200 ppm of TPH as Stoddard Solvent.

#### Responsible Party Identification

The Estate of John Holland Sr. is a responsible party for the site because the Estate of John Holland Sr. was the owner of property where an unauthorized release occurred (Definition 3) and had control of USTs at the time of or following an unauthorized release (Definition 4).

Barbara Holland is a responsible party for the site because she was the owner of property where an unauthorized release occurred (Definition 3).

Alameda County purchased a portion of the site in May 2008. Alameda County is a responsible party because they are the current owner of the property where an unauthorized release has occurred (Definition 3)

The Hayward Area Recreation and Park District purchased a portion of the site in May 2008. The Hayward Area Recreation and Park District is a responsible party because they are the current owner of the property where an unauthorized release has occurred (Definition 3).
