Subject: RE: 449 Hegenberger Road/ RO#0000219: RAP Review Status

Mr. Mahoney,

I have yet to review the RAP. It is in my cue to review within the next few weeks.

Regards,
Keith Nowell

Subject: 449 Hegenberger Road/ RO#0000219: RAP Review Status

Hello Mr. Nowell,

I am writing to see if you have had a chance to review the Remedial Action Plan we submitted on April 25, 2013 for the site located at 449 Hegenberger Road in Oakland, CA. We are trying to coordinate this RAP work, including a pre-excavation soil delineation event, with station refurbishment activities the current landowner will be conducting in the summer. If we miss this window of opportunity to coordinate these activities with the land owner, we will likely miss a great opportunity to delineate and remove any secondary soil mass at the site.

Please give me a call with any questions you might have.

Subject: FW: RO#0000219 Report Upload
Importance: High

Mr. Nowell:

As indicated in the email below, Antea Group has just uploaded a Remedial Action Plan for the site located at 449 Hegenberger Road in Oakland to the ACHCCSA FTP site for your review. At this time I would like to make a simple request of you. I know that you have many sites to review, but in June Pacific Convenience and Fuels (PC&F) is planning to raze this site. While this work is being conducted, Antea Group has recommended in this RAP to do some additional investigation and source removal. Therefore, I would like to request, that you review and get back to me your comments and hopefully your approval of this RAP as soon as possible. Time is growing short and your assistance would be appreciated. Don't hesitate to contact me or Josh Mahoney concerning this RAP, if you have any questions.

Regards,
