Keith,

Platinum Energy is a DBA for Western Dealer Holding company. Platinum Energy has taken over the remedial action at the site. Please list myself as the site contact for any remedial action at this location.

Thank You,
Shane Nolan

Shane,

Perhaps you can help me with determining who is the site contact for Lakeshore 76 Station. It appears that there was a change from ConocoPhillips to Platinum Energy in mid-2010. This would correspond to the date of acquisition you had mentioned earlier. The former case worker has no documentation of the change. The County Assessor's records have Western Dealer Holding Co. LLC as the owner between 7/23/2010 and 5/12/2011. Was/is Western Dealer Holding Co. LLC the holding company for Platinum Energy, and as such, did either Platinum Energy or the holding company assume the environmental liability for ConocoPhillips when the station was acquired? As far as you know does ConocoPhillips have any participation with regard to remedial actions at the site? If this line of thinking is correct, then Brian Whalen should be my new site contact?

Regards,
Keith Nowell
