Hi Steven,

I wanted to keep you updated on the progress of this project. We have made contact with Bob Foss, the new project manager for CRA for 706 Harrison, Oakland. His client, Bo Gin, is still in the process of negotiating the commingled agreement with ConocoPhillips. This will likely take some more time for legal review.

In the meantime, we have coordinated the first quarter sampling with all three consultants and it is scheduled for January 25. While the agreement is coming together, ConocoPhillips has authorized Stantec to submit one coordinated report to you for the 1Q10 monitoring.

We will keep you posted on the status. Stantec will be closed from December 24 through January 3, but if something urgent comes up during that time, I can be reached at the cell number below.

Hope you have a very happy holiday!

Diane Barclay, PG, CEG, CHG
