10700 MacArthur Blvd. Oakland

Claim No: 009077

Claimant Name: USA Pipeline Corp.

COMPLIANCE DOCUMENTATION

DATE	ACTION/RESPONSE
1/27/94	USA Map Station is not in service. Groundwater monitoring wells were sampled. Analytical results for water samples were S-1206.9 ppm for TPH-G with Benzene at 880 ppb and below detection limits for TPH-D. Petroleum hydrocarbons were detected in S-2 with TPH-G at 15 ppm, 1400 ppb Benzene and below detection limits for TPH-D.
1/19/94	Four 12K gallon gas USTs and one 8K gallon diesel UST were removed.
8/94	County approved a work plan for overexcavation and take samples from dispersion islands.
11/94	County approved work plan to advance up to one and excavate and convert one into a monitoring well.
5/95	Site Assessment Report. Work plan was implemented Feb & March 1995. 2 4" dia borings were drilled. One monitoring well was installed.
7/95	County received work plan for further site assessment. Proposed 4 more borings and monitoring wells.
10/13/95	County approved work plan but refused one more monitoring well to be installed downgradient to the former pump island dispensers. Requested the constitution of quarterly monitoring.
4/96	County received a supplementary Site Assessment Report. Drilled and installed five monitoring wells. Installed 6 CH-VDS by Don Williams. Used approx 100 gallons of concrete water and GW generated during well development in 5-96.
