Brenda,
Here's the signed well form. The ½-mile search radius does seem best.
Thanks,

Subject: Signature Needed - Case No. RO233, 3616 San Leandro Street, Oakland
Importance: High

Mr. Detterman:

In your October 6, 2017, letter regarding Case No. RO233 (referenced above), you requested that Alameda County Public Works Agency (ACPWA) well records be searched to augment Department of Water Resources and GeoTracker GAMA Database information previously provided by Stantec in their August 11, 2017, Request for Case Closure. Based on my review of the October 6 letter, in conjunction with previous directive letters dated June 7, 2017, and May 6, 2014, well records should be search for a radius of ½-mile around the subject site.

According to James Yoo with ACPWA, a radius search requires submittal of the attached form signed by a Government or Regulatory Agency. Therefore, please sign, date, and return the attached form to me for submittal to ACPWA. The form is to be accompanied by a map showing the area of interest. I have attached a site location map with a ½-mile radius noted on it for your review and confirmation that the search area indicated will satisfy your request.

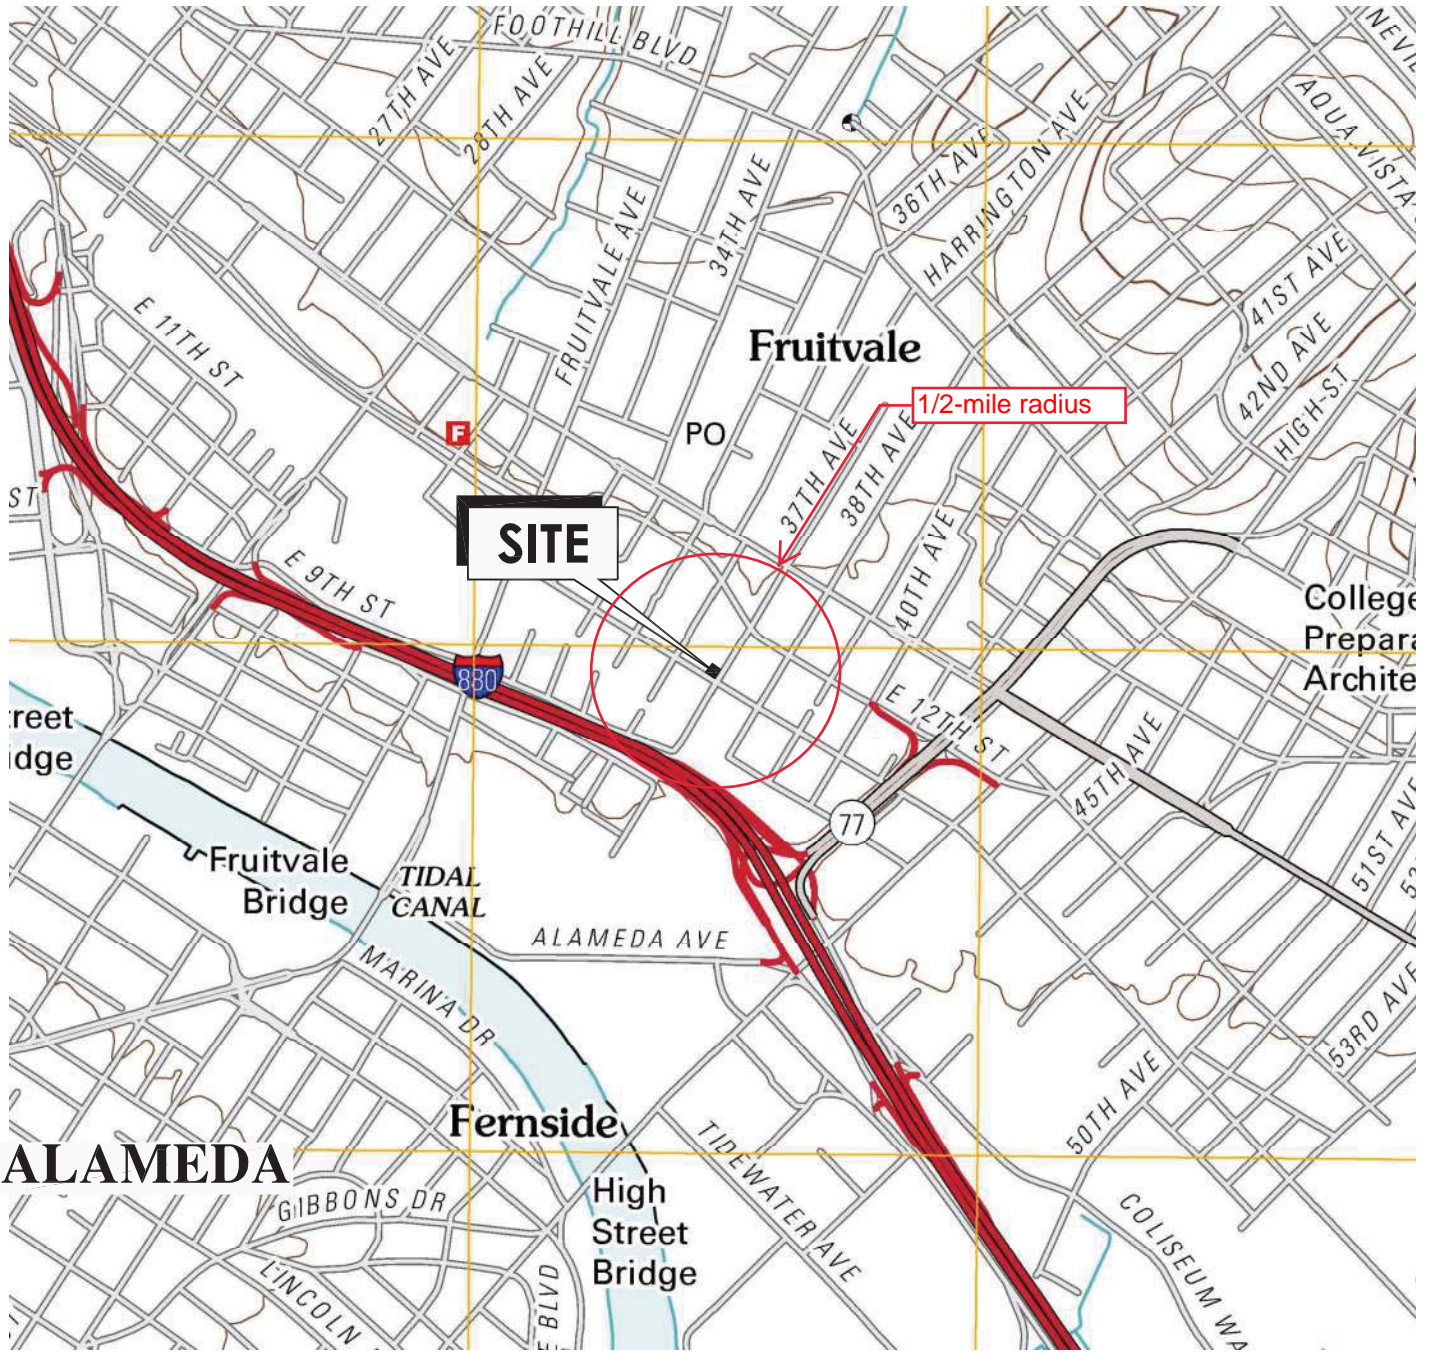

Thank you and regards.
