Subject: Notice of Enforcement Referral; Fuel Leak Case No. RO0000240 and GeoTracker Global ID T0600100424, Fountain Cleaners, 2006 Encinal Avenue, Alameda, CA 94501

Dear Mr. Hill:

This is a notice of an enforcement referral for the subject site. Site Responsible Parties are non-responsive to Alameda County Environmental Health (ACEH) requests and are recalcitrant. The site has accumulated a series of Notice of Violations from ACEH and no work has been conducted at the site since 2002. As a consequence, ACEH is referring this site to the San Francisco Bay Regional Water Quality Control Board for enforcement actions.

Seven USTs ranging in size from 550 to 2,000 gallons containing gasoline, fuel oil, diesel, and cleaning solvents were removed from a common pit in 1989 and holes were observed in the fuel oil and solvent USTs. A grab groundwater sample contained 9.7 ppb cis-1,2-dichloroethene. Groundwater monitoring samples were last obtained in 2003.

Not all historic documents for the fuel leak case may be available on GeoTracker. A more complete historic case file for this site is located on the Alameda County Environmental Health website at: <http://ehgis.acgov.org/dehpublic/dehpublic.jsp>.

Should you have any questions, please send me an electronic mail message at karel.detterman@acgov.org or contact me at (510) 567-6708.

Sincerely,

Karel Detterman, P.G.
Hazardous Materials Specialist
